## InfoValue provides IP-based Interactive Video Solution at Viceroy Anguilla

ELMSFORD, N.Y. — June 27, 2012. — InfoValue Computing, Inc. (InfoValue), IPTV experts, today announced its installation at the Viceroy Anguilla. At the premier luxury resort, guests now enjoy an IP-based HD TV experience including HD Video-On-Demand (VOD) and a full-featured guest information portal in all of the hotel's guestrooms and villas.

InfoValue partnered with LIME to bring these next-generation TV experiences to the Caribbean hospitality market.

“We are thrilled to have been chosen by Viceroy as their in-room IPTV provider,” said Aubrey Flanagan, vice president of business development at InfoValue. “InfoValue’s customized IP-based interactive HD quality IPTV solution complements the contemporary design established by Viceroy for Anguilla’s hospitality market.”

“The InfoValue SuiteTV system delivers the highest quality technology that our guests have come to expect,” said Jeff David, general manager of the Viceroy Anguilla. “Viceroy Anguilla is known for its distinctive design and unparalleled service and InfoValue’s interactive entertainment system contributes to an outstanding experience for our guests.”

InfoValue SuiteTV is a leading edge IPTV solution tailored specifically for the hospitality industry. InfoValue SuiteTV offers personalized guest services ranging from high-quality HDTV VOD to network-based personal video recording (nPVR) and time-shifted television (TSTV). By leveraging the award-winning InfoValue QuickVideo™ platform, InfoValue SuiteTV is uniquely positioned to support hotels to incorporate “quadruple play” services — delivery of TV, video, voice, and data — into their own service and information portal over the converged IP network infrastructure to simultaneously generate new revenues, increase occupancy rates, and reduce operational expenses.
