InfoValue provides Interactive IPTV Portal Solution for Sandals Resorts

ELMSFORD, N.Y. — June 13, 2014. — InfoValue Computing, Inc. (InfoValue), IPTV experts, today announced their installation at the Sandals LaSource Grenada Resort & Spa in St. George's, Grenada. At the premier luxury resort, guests now enjoy an advanced in-room TV experience including HD Video-On-Demand (VOD) and a full-featured interactive guest portal in all of the hotel's rooms and suites.

InfoValue collaborated with the Sandals Resorts' team to define and customize the next-generation TV experiences that uniquely reflect their All Inclusive Caribbean market.

"We are extremely delighted to partner with Sandals Resorts to provide the next generation in-room TV experiences," said Richard Chen, Senior Sales Executive at InfoValue. "InfoValue's interactive IPTV solution was customized and fully integrated into Sandals operations to further position Sandals LaSource as one of the most luxurious resorts in the region."

"The InfoValue SuiteTV system delivers the kind of quality and scope of features guests demand for our in-room TV experiences," said Stuart Delapenha, Group IT Director of Sandals Resorts. "Sandals LaSource Grenada was designed with a very distinct character while providing guests with the latest in luxury. InfoValue's interactive IPTV Portal system contributes to an outstanding experience for our guests. Integrated guest photos, wedding photos, and spa & tour booking are just a sample of the advanced personalized services offered by SuiteTV." Added Mr. Delapenha, "We look forward to continuously expanding SuiteTV to further promote our resort services using these innovative features."

InfoValue SuiteTV is a leading edge IPTV solution tailored specifically for the hospitality industry. InfoValue SuiteTV offers personalized guest services ranging from high-quality HDTV VOD to network-based personal video recording (nPVR), time-shifted television (TSTV), and a fully integrated mobile instance. InfoValue SuiteTV is uniquely positioned to support hotels in incorporating "quadruple play" services — delivery of TV, video, voice, and data — into their own service and information portal over the converged IP network infrastructure to simultaneously

generate new revenues, increase occupancy rates, and reduce operational expenses.
